Dear Parents and Friends,

The Chinese School of Rochester is proud to meet the quality standards required by the United Way (UW). We are therefore eligible to be included on the UW's list of Donor Choice agencies for the annual spring and fall campaigns. In the workplace or as interested individuals, you could earmark your annual United Way giving to the Chinese School of Rochester. This is a wonderful opportunity for us to grow financially stronger through the support you could provide. These funds would be used to defray budgetary costs, enhance and enrich the program, provide better training for teachers, develop new courses on Chinese culture, resulting in benefits for your children at the School.

Simply request a pledge card and donor designation form where you work or call the United Way at (585) 242-6400 to inquire about this information (or download from <http://www.uwrochester.org/downloads/UW-DonorChoice.61391.v2.pdf>). If you chose to support our School, please note that you must renew your pledge each year. We are listed in the Donor Choice brochure as Chinese School of Rochester # **2414**.

Please let family and friends know that we would certainly appreciate their contributions as well. Listing the Chinese School of Rochester as your Donor Choice selection will provide confidence that your annual giving will put children first.

The United Way has provided invaluable assistance throughout the Rochester Community. We are proud to be associated with their campaign and encourage you to provide your support in whatever capacity you choose.

Sincerely,

Yuanting Zhao  
Principal, Chinese School of Rochester
