

Art 2 - Watercolor Class

(Beginners Class)

1. Course Description

We take students of ages between 4-8 who have no/a little training in watercolor painting. In the class, the students will learn the basic concepts of painting and colors. The goal of this class is to build up the interest and passion in painting and get ready for higher level of painting class.

Parents are welcome to sit with students in the class. No charge on parents.

We would have students' artwork display at the end of the semester.

2. Classroom Policies

No food/drink.

Parents are responsible for cleaning up the area where your kid(s) worked after each class.

3. Instructor

Longze Zhang, PhD, Image Scientist and Software Engineer, is well known as a paper cutting and watercolor artist. Below is some of the instructor's artwork.
