---

Dear friends and family,

It's almost summer again in Rochester! I am sure everyone's looking forward to its arrival. This summer will be special to everyone at Chinese School and everyone within and beyond Chinese community. So, to begin, I'd like to announce the creation of Chinese School of Rochester PTSA. This organization is led by a group of people, each of whom is respectful scientist, accountant, professional in medical field, and university faculty in their own right, who also are parents and strive to bring out the best from creative young minds. Given these points, the CSR PTSA will provide the much-needed support and enrichment for avid young learners.

At the CSR PTSA, joy is at the heart of all of our youth-orientated activities. We support our students in their quest to find their passion and share them. We seek to foster creativity in our youth as well as fine-tune the mechanics of their interpersonal and social skills. Being involved in the creative process and the close interaction of people of all ages and backgrounds on various occasions sponsored by PTSA nurtures important human qualities like responsibility, critical thinking, decision making, and empathy. The organization helps young people grow in all of these areas, requiring independence within an inviting environment. We are here to plant the seeds which will hopefully continue to grow throughout a lifetime.

At the CSR PTSA, inclusion is the core of all our programs. We invite every parent, student and friend in our community to join our PTSA family and share your enthusiasm, experience and talent. Together, we can bring great programs to our students. Together, we can give our students opportunities to learn skills outside their classrooms and to use them in a supportive environment. Together, we can cherish Chinese tradition, and pass our beliefs down to the next generation through a deeper and creative perspective.

It would be my greatest pleasure to listen to all you have to say and to work alongside everyone. Please come and hear what is happening at the Chinese School of Rochester PTSA. I hope you will remember the upcoming summer as a great experience!

Best wishes,

Jing Wang, 王菁  
CSR PTSA president
